Scientist Analytical

Educational Qualification	MSc (Chemistry)
Experience	9 Years
Field of Specialization	Qualitative and quantitative estimation of pesticide residue and pesticide formulation by various chromatographic techniques like HPLC, UV, GC, GC-MS and LC-MSMS. Quality assurance of pesticide formulation as per standard methods (CIPAC, BIS) using GC, HPLC, UV, and classical methods. Method development, validation and uncertainty calculation work for new analytical problems. Sample preparation and analysis of CWC related chemicals.
